

JOHN BONER NEIGHBORHOOD CENTERS

Parent/Youth EDGE Health and Safety Disclosures

1. Students will be required to wear their face mask at all times except during the allotted break and meal times given to them by their youth worker.
 - a. Suppose a youth worker or student were to answer yes to any question on the questionnaire at the beginning or end of the day or have a temperature in fever range. In that case, that person is to stay home for the self-quarantine period of 14 days and can return to any in-person engagement activity once the period is over AND with a doctor's note of clearance.
 - b. Youth workers and students should provide their own mask. If they do not have one, one will be provided for them.
 - c. Students should have their mask labeled with their name in permanent marker.
 - d. Parents should wear their mask at all times; including drop off and pick up of student.
 - e. Students will be required to wear their mask while on JBNC transportation and follow [social distancing guidelines](#).

If students do not uphold the expectations with face coverings:

Step One: We will proceed with a restorative mindset—students are hearing conflicting information from families, school, news, etc. As much as possible, we will pursue the opportunity for teachable moments.

Step Two: Proceed with verbal reminders and visual cues for wearing face coverings.

Step Three: Involve the site coordinator.

Step Four: The parent will be notified; the director will document the conversation with a parent.

1. Youth Workers and students are to bring their own water bottles. Shared water will not be provided (i.e. water fountains, coolers, etc.) Please mark your students water bottle with a permanent marker.
2. Youth Workers and students will not be permitted to sharing or serving food and beverages to one another.
3. If items were to be shared, a checklist of cleaning those items will be completed after use.

I have read and understand the above in-person engagement expectations.
